

LOVINGKINDNESS

All Gd's laws and all Gd's lessons
Are contained in one value:
Lovingkindness.

To touch another's soul with care,
To meet another's spirit in their distress
Is to see Gd.

For Gd is in us,
And Gd is in the other.

To care for another is to be Gd's healer.
To protect another is to be Gd's shield.
To love another is to be Gd's partner.

To embrace another is to behold the face of Gd.
